**MY GENIUS FORCE FIELD**

The Genius Force Field (white area) shows how my 9 Genius Forces unfold.

- Where the white force field opens wide to the outside, I can develop with great self-determination. Here, I can have a strong impact on my environment and on others.
- Where the white force field expands less outwardly, other people can get close to me, influence me and I can perceive their impact on me.
- The orange-colored lines show which aspects are connected and how they function together.

## MY SPECIFIC TALENTS AND SKILLS

Each individual has talents and skills that have an impact on every work process. The better I use these talents the more satisfying my work is.

### SPECIALIZED ACTION-ORIENTATION

I like to bring in my creative power to productive processes and can tackle things vigorously. However it is important that a task is in line with my talents and skills and that I can realize my full potential in a satisfying manner. I appreciate cooperating with those who I can enthuse with my projects.

### TROUBLESHOOTING SKILLS

I experience and try out many things in the course of my life. The reward is a wealth of experiences. I can thus solve problems in unconventional ways, as often problems can only be overcome with novel approaches.

### CREATIVE POWER & ATTITUDE

I have the creative power to shape things and drive processes. With my confident attitude I can steer the direction of energy which makes me the focus of every team process.

### BUILDING RELATIONSHIPS & TRUST

I am an open and communicative person. I know how to build emotional and intimate relationships with others. This openness creates mutual trust and is also the basis for fruitful work processes.

### EXPLORATORY SPIRIT

I have the perseverance and commitment to complete processes that have been started. I thus make new experiences time and again. I am open to discovering even the unexpected and finding ways to master it. Giving up is no option for me.

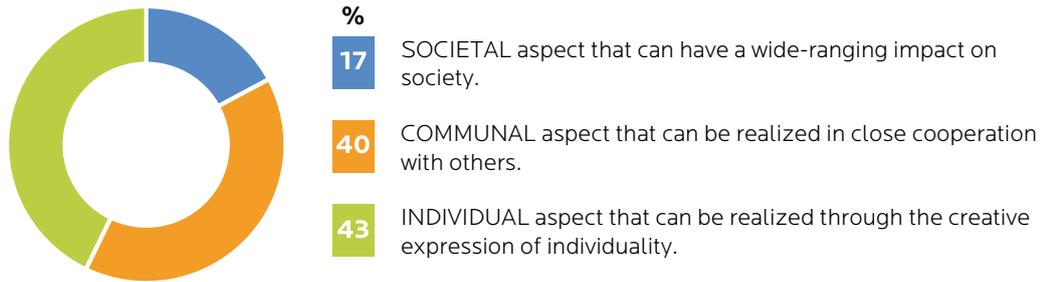

### AUTONOMOUS ACTIVITY

My creativity unfolds in almost tireless activity. I love to autonomously devote myself to my tasks and have an impact with the results achieved. When active, I may appear to be very busy and hardly available to others.

As far as resources are concerned I like to be independent of money and material wealth. I use resources when they are available. Because the meaning of resources is not to accumulate them but to let them flow naturally.
